This ministry of Stuart Heights Baptist Church provides vehicles to families or individuals with disabilities or disadvantages in order to assist with dependable transportation to assist in employment, education, and/or family care options.

Vehicles that are in good working condition and require little or no repairs are accepted as donations to give to families or individuals that are in need of transportation.

Do you have or know of someone who has an extra or otherwise used but serviceable vehicle? Think about the impact of donating that vehicle to a person or family struggling to improve their conditions by providing increased employment, educational, and/or childcare opportunities.
